

Quick & Dirty way to CREATE YOUR OWN YARD SIGN!

The Schlotzsky Bun Run gave runners signs to post in their yards to tell people they were participating and maybe get more sponsors.

We don't have the wherewithal to give out signs, but there were lots of political, etc., signs in yards this Fall.

Do you have one you are no longer using?

MAKE a CROP Hunger Walk sign using it...

1. Get a sign

2. Cover it with white typing paper or a trash bag

3. Go to <https://resources.crophungerwalk.org/resource/walk-poster-dr-editable/> and edit the poster to have the Austin Walk Date/Time and URL on it.

4. Print four copies of the poster and tape it to the sign (two per side) and post it in your yard!

5. This is a quick and dirty way to do this! Be creative with your signs!
